Description

Stunning 24-inch Retina Display

The iMac's 4.5K Retina display offers breathtaking visuals with 500 nits of brightness, P3 wide color, and True Tone technology. Whether working on creative projects, watching movies, or browsing the web, the display's clarity and vibrancy enhance the experience, making it ideal for both professionals and casual users alike.

Elegant and Minimalist Design

The iMac's ultra-thin 11.5mm profile and all-in-one design make it a standout addition to any workspace. Available in a stylish silver finish, it complements modern office or home setups, offering both functionality and beauty. The minimalist design includes a clutter-free setup with a single power cable.

Fast and Reliable Storage

Equipped with a 256GB SSD, the iMac ensures lightning-fast system boot-up and file access. Applications launch almost instantly, while the SSD delivers quiet, energy-efficient performance, handling data-intensive tasks and multitasking with ease.
