Netto price: 827 HUF

Description

Compact yet powerful

The Apple Mac Mini M2 delivers impressive performance in a small form factor. With an 8-core CPU and a 10-core GPU, the M2 chip provides excellent processing and graphics capabilities, making it ideal for video editing, software development, and gaming.

Efficient multitasking

The Mac Mini M2, with 8 GB of unified memory, ensures smooth multitasking across demanding applications, boosting productivity for creative and professional tasks.

Fast storage

The 512 GB SSD offers fast access and load times, ensuring responsive performance when launching applications, transferring files, or booting the system.

Versatile connectivity

With Thunderbolt 4, USB 4, and HDMI ports, the Mac Mini M2 easily connects to external displays and peripherals, making it versatile for various setups.
