

APPLE MacBook Pro 2023 14,2"

M3(8C/10C)/8GB/512GB

The MacBook Pro delivers impressive performance with the M3, M3 Pro, and M3 Max chips. Built using cutting-edge 3-nanometer technology and featuring a brand-new GPU architecture, these chips are the most advanced in the history of Apple computers. Each chip offers even greater performance and enhanced capabilities.

Product code: 1438418

Serial number: mr7j3mg/a

Brand: Apple

1 750 HUF

Netto price: 1 378 HUF

Description

M3

With the impressive speed of the M3 chip, you can effortlessly handle everyday tasks, multitask between apps and video calls, and elevate your experience with professional applications and gaming.

M3 Pro

The M3 Pro chip, with more CPU and GPU cores and increased memory, delivers even more powerful performance for researchers, programmers, and creative professionals. It enables faster handling of monumental images or millions of lines of code.

M3 Max

The M3 Max offers extreme performance for the most complex workflows, with greater CPU and GPU power and additional media engines. Whether it's 3D rendering, video post-production, or AI development, everything is faster.

Next-Level Graphics Performance

The new GPU architecture of Apple chips, combined with Dynamic Caching technology, brings a significant leap in performance for professional applications and gaming. Hardware-accelerated ray tracing delivers more realistic graphics.

Extended Battery Life

The MacBook Pro offers up to 22 hours of battery life—the longest in Mac history—thanks to the efficiency of Apple chips.

Maximized Apps

With M3 chips, optimized applications run faster, whether you're using productivity tools, gaming, or professional software.

Stunning XDR Display

The Liquid Retina XDR display delivers an incredible dynamic range, detailed shadows, and vibrant colors, featuring ProMotion technology and reference modes for professional workflows.

Declaration

- **Manufacturer:** Apple
- **Manufacturer headoffice:** Kína
- **Brutto weight:** 1.55 kg
- **Brand:** Apple
- **EAN code:** 195949015496
- **Country of origin:** China
- **Country of import:** Serbia

Specification

- **Width:** 31.26
- **Length:** 22.12
- **Height:** 1.55
- **Diameter:** 36
- **Screen diameter:** 14.2
- **RAM memory:** 8 GB
- **Storage:** 512 GB
- **Processor type:** M3 (Apple)
- **Battery:** 70 Wh
- **Screen resolution:** 3024 x 1964
