Description

The **BOSE L1 Pro16** offers professional sound performance without compromise, merging top-tier audio quality with portability. Its **180° horizontal coverage** makes it perfect for smaller concerts, events, and DJs. The powerful bass is driven by the **RaceTrack driver**, which provides higher sound pressure and deeper lows in a slimmer design, occupying less space.

Built-in **mixer** functionality allows for Bluetooth connectivity and easy device control through the Bose Music app. The system is simple to set up, with an intuitive interface that ensures quick and seamless configuration while delivering an exceptional audio experience.
