Description

The FUJIFILM X-H2 represents the pinnacle of camera technology, equipped with a 40.2-megapixel APS-C X-Trans 5 HR BSI sensor. This sensor delivers incredible detail and dynamic range, whether for still images or videos. The camera supports 8K video recording, capturing motion with stunning clarity and detail.

Its intelligent autofocus system tracks and monitors moving subjects, ensuring sharp, well-focused images every time. The 5-axis image stabilization reduces hand-shake effects, allowing confident shooting even in low-light conditions.

The kit includes the FUJINON XF 16-80mm f/4 R OIS WR lens, which is extremely versatile. With a focal length range of 24-120mm (35mm equivalent), it covers most shooting scenarios, from landscapes to portraits. The lens features a 6.0-stop optical image stabilizer, particularly beneficial in low-light conditions or for long exposures.

The camera is equipped with a 3-inch tilting touchscreen for intuitive operation and creative shooting angles. Built-in Wi-Fi and Bluetooth connectivity make it easy to transfer and share your images directly via your smartphone.
