Description

The Honor 20 Pro is a smartphone that became popular due to its premium camera features and powerful hardware. On the back of the phone, there is a quad-camera system, with the main sensor being a 48 MP Sony IMX586 sensor, complemented by an 8 MP telephoto lens, a 16 MP ultra-wide lens, and a 2 MP macro camera. This setup allowed users to capture detailed and stunning photos even in low-light conditions.

The device is powered by the Kirin 980 processor, one of Huawei's fastest chips at the time, and combined with 8 GB of RAM, it provided seamless multitasking and fast performance. The 6.26-inch Full HD+ display offered vibrant colors and excellent viewing angles, making it ideal for content consumption and gaming.

The Honor 20 Pro's battery was also impressive for its category, with a 4000 mAh unit that provided all-day usage without the need for recharging. It supported 22.5W fast charging, allowing the battery to be quickly recharged.
