

HP Pro Tower 290 G9 6B2Q2EA

The HP Pro Tower 290 G9 (6B2Q2EA) is a robust business desktop designed to deliver reliable performance for a variety of office applications. With its spacious chassis for easy upgrades and powerful Intel processors, this tower is ideal for multitasking and meeting the demands of modern work environments.

Product code: 22222556

Brand: HP

650 HUF

Netto price: 512 HUF

Description

Reliable Performance

The HP Pro Tower 290 G9 is equipped with powerful Intel processors, delivering high performance for everyday tasks, from document processing to data analysis. This desktop is designed to efficiently handle multitasking, making it ideal for businesses that require reliable computing power.

Expandable Design

The spacious tower design of the 290 G9 provides ample room for upgrades and expansions. Users can easily add components such as additional storage or memory, allowing the system to adapt to changing business needs over time.

Enhanced Security

With built-in security features, including HP Wolf Security, the Pro Tower 290 G9 protects against various cyber threats, ensuring the security of sensitive data. This focus on security helps businesses maintain compliance and protect their information.

Versatile Connectivity

The desktop offers multiple connectivity options, such as several USB ports and DisplayPort, making it easy to seamlessly connect peripherals and external displays. This versatility enhances productivity and allows users to customize their workstation according to their needs.

Energy Efficiency

Designed with sustainability in mind, the HP Pro Tower 290 G9 includes energy-efficient components, helping businesses reduce their environmental footprint while lowering operating costs. The combination of performance and eco-friendliness makes it an intelligent choice for modern offices.
