

HP Z2 Tower G9 8T2A0EA

The HP Z2 Tower G9 is designed to easily handle heavy workloads, thanks to its Intel Core processors and support for professional-grade graphics controllers. This combination makes it ideal for professionals working in fields such as design and data analysis, who require high computational power to complete their tasks.

Product code: 45556646

Brand: HP

4 100 HUF

Netto price: 3 228 HUF

Description

With its spacious and customizable design, the Z2 Tower G9 allows for easy upgrades to meet growing business needs. The tower supports various expansion options, including SSDs. Additional memory can also be added to enhance multitasking capabilities.

Robust Graphics Capabilities

Designed to support demanding visual applications, this workstation can be configured with dedicated NVIDIA or AMD graphics cards, providing seamless performance in 3D rendering, video editing, and complex simulations. Its powerful GPU options make it a reliable tool for professionals working on visually intensive tasks.

Advanced Security and Manageability

The HP Wolf Security is built into the Z2 Tower G9, offering advanced protection against cyber threats and ensuring the security of sensitive data. The workstation also includes manageability features, making it easier for IT teams to monitor, maintain, and secure the system within the organization.

Energy Efficiency and Sustainability

HP focuses on sustainability with the Z2 Tower G9, using energy-efficient components and environmentally friendly materials. The desktop is ENERGY STAR® certified, contributing to lower energy consumption and a smaller environmental footprint, making it a perfect fit for modern, eco-conscious work environments.

Declaration

- **Manufacturer:** HP
- **Manufacturer headoffice:** Csehország
- **Netto weight:** 5.5 kg
- **Brutto weight:** 7.2 kg
- **Brand:** HP
- **Imported by:** PC importer d.o.o.
- **Country of origin:** Czech Republic
- **Country of import:** Serbia

Specification

- **RAM memory:** 32 GB
- **Storage:** 1 TB
- **Power supply:** 700W
- **Graphics card:** GeForce RTX 4070
- **Processor type:** Intel Core i9
