Description

The **JBL Boombox 3 Wi-Fi** portable Bluetooth speaker delivers JBL's premium sound and performance, allowing you to enjoy your favorite tracks anywhere. Designed to elevate the music experience, its 100W power output ensures clear and powerful audio, whether it's acoustic melodies or bass-heavy tunes.

With both **Wi-Fi** and **Bluetooth** connectivity, it easily pairs with your smartphone, tablet, or computer, making live streaming effortless. The **JBL Portable** app provides access to additional features such as music customization and connecting multiple speakers in sync.

Its **portable design** makes it easy to carry, while the IP67 water and dust resistance rating ensures it can be used anywhere, from the beach to camping trips. The long-lasting battery ensures hours of uninterrupted music on a single charge.

The **JBL Boombox 3** stands out not only for its audio performance but also for its design. With a bold, modern look and premium materials, it fits seamlessly in any setting, whether in your living room or at a backyard party.

In summary, the **JBL Boombox 3** Wi-Fi portable Bluetooth speaker is the perfect companion for music enthusiasts looking for a combination of quality, functionality, and portability.
