Description

The **LG 32GN650-B UltraGear** monitor is designed specifically to meet gamers' needs, boasting a stunning 32-inch size and WQHD resolution (2560 x 1440 pixels). The VA LED panel provides deep blacks and vibrant colors, bringing games to life with incredible realism.

With a **165 Hz refresh rate** and **1ms response time**, the monitor enables smooth motion and quick reactions, while **FreeSync** technology minimizes screen tearing and stuttering, enhancing overall gameplay. The **HDR10 support** elevates the visual experience, offering outstanding contrast and color accuracy, making every detail sharper and clearer.

The monitor features an ergonomic design, allowing for height and tilt adjustments to ensure a comfortable viewing position. Multiple connectivity options, including **HDMI, DisplayPort, and USB ports**, provide broad compatibility with various devices.

The **LG 32GN650-B UltraGear** excels not only in performance but also in design. Its modern aesthetic and RGB lighting make it a stylish addition to any gaming setup.
