## Description

The LG OLED65C31LA OLED evo C3 65-inch 4K Smart TV, released in 2023, delivers stunning picture quality thanks to OLED evo technology. Its 65-inch display offers deep blacks and lifelike colors with self-lit pixels. Whether you're watching movies, gaming, or streaming 4K content, this TV provides an immersive experience. Support for Dolby Vision and Dolby Atmos enhances the audio-visual experience, making it ideal for home theaters. Smart features like built-in voice controls, including Google Assistant and Alexa, provide convenient hands-free operation. Popular streaming services such as Netflix and Disney+ come pre-installed. With its sleek, modern design and ultra-thin bezels, the TV enhances any living space, while its high-performance processor ensures smooth operation for all your media needs.
