Description

The Logitech MX Master 3s combines ergonomics and performance, with its design ensuring comfortable use even during long hours. Its MagSpeed electromagnetic scroll wheel allows for fast and precise scrolling, making it ideal for navigating large documents and websites. The 8000 DPI sensor ensures accurate tracking on almost any surface, including glass. It supports multi-device connectivity, enabling easy switching between up to three devices. The customizable buttons further enhance productivity by allowing the mouse to be tailored to your workflow. Its long-lasting battery provides up to 70 days of use on a single charge, making it a reliable companion for both work and play.
