Description

The **LOGITECH Z906 5.1** speaker system embodies premium audio performance, excelling across movies, games, and music. Transform your home into a true cinema and music haven with its rich and dynamic sound.

Featuring a 5.1-channel configuration with five individual speakers and a subwoofer, the Z906 offers a surround sound experience that brings every detail to life. The **THX certification** ensures precise and lifelike sound reproduction, allowing you to hear every note and sound effect with clarity.

The system easily connects to various devices, including computers, gaming consoles, and DVD players. For added convenience, the remote control allows you to adjust volume and functions without leaving your seat.

With a **peak power** output of 500 watts, the amplifier ensures robust subwoofer performance and maximum output from the speakers. The system supports multiple **connectivity options**, enabling up to six devices to be connected simultaneously, making it easy to switch between them.

The **LOGITECH Z906** speaker system is the perfect choice for those who want to enjoy true surround sound at home, whether for watching movies, listening to music, or gaming.
