Description

Monopoly Madness is a modern reimagining of the classic Monopoly board game, offering a faster and more action-packed experience. Instead of moving around a traditional board, players engage in a chaotic, real-time race to acquire and develop properties across various parts of the city. During the game, players must collect resources, upgrade buildings, and use power-ups to gain an edge over their opponents. Up to six players can compete against each other online or locally as they vie for the title of mayor in Mr. Monopoly's city. The Xbox Series X version features enhanced visuals and faster load times for an even more enjoyable gaming experience.
