Description

Designed for exceptional visual performance, the PHILIPS 65OLED718/12 features an OLED display with incredible contrast, deep blacks, and bright highlights that bring every scene to life. The unique Ambilight feature extends the screen's colors into the room, enveloping you in the action and delivering a captivating viewing experience. Thanks to 4K Ultra HD resolution, you can enjoy crystal-clear images, making it ideal for movies and gaming. Equipped with smart functionality, the TV provides easy access to popular streaming platforms such as Netflix, Amazon Prime, and YouTube. Its elegant design and modern aesthetic make it a stylish addition to any living room decor, combining cutting-edge technology with sophisticated design.
